TRUSTEES' MEETING

ASKED TO SECURE R. R. COMMISSION TO FIX PRICE ON LOCAL GAS PLANT

The Board of Trustees met in regular session at the City Hall at 8 p. m. December 13, 1917. All members present at roll call.

The minutes of the last regular meeting and also the adjourned meeting, were read and approved.

A communication was read from B. E. Neal, of the Neal Institute, making application for permission to open a sanitarium for treatment of liquor and drug addicts at 104 S. Central Avenue, Glendale. On motion of Trustee Grist, the communication was referred to the City Health Officer and City Attorney.

Reports were received and ordered to be filed from the City Treasurer, City Clerk and Tax Collector.

Demands were presented, and on motion, referred to the Finance Committee.

On motion of Trustee Grist, the hearing in regard to the protest against the assessment for the improvement against a portion of Grand avenue, was taken up. The City Attorney stated his opinion to the effect that the 1911 Act provides a means by which the City can pay a portion of the assessment for street improvement under certain conditions; but in this case, the intention of the city to do so was not set forth in the resolution of intention, and he is therefore not aware of any legal manner in which the city can bear any portion of the expense of this assessment. Trustee Muhleman made a motion, which was adopted, that in view of the City Attorney's report, the protest be denied.

Dr. R. E. Chase, City Health Officer, reported that there is one tubercular cow in the herd of Mr. Shattuck, a dairyman supplying milk to the City of Glendale and suggested that the Board take action in the matter. On motion of Trustee Jackson, it was ordered that Mr. Shattuck be notified to at once remove the cow from his herd and appear before the Board of Trustees next Tuesday evening, Dec. 20.

The City Manager reported that Mr. Robins, another dairyman, also had one tubercular cow in his herd, and on motion, it was ordered, that similar action to the above, be taken in this case.

Dr. Harrower stated to the Board that the Municipal Flag Pole will be ready to be installed and issued an invitation to the City Officials to be present at two o'clock next Thursday afternoon at the corner of Brand boulevard and Broadway to assist in celebrating the event. On motion, the invitation was accepted.

At this point, the regular order of business was dispensed with, and the Chairman of the Board announced to the large audience that had assembled, that some weeks ago a similar assembly of citizens in the Council Chamber had instructed the City Trustees to secure the services of a gas expert to examine into the gas situation with a view of the establishment of a municipal gas system; the services of this expert had been secured and he is now ready to make his report.

Mr. J. E. Barker's report was at this time filed with the Board of Trustees and he addressed the meeting at considerable length explaining the various features of his report and answering the number of questions put to him by the citizens present. After a thorough discussion of the matter extending over about an hour and a half, J. C. Beldin made a motion, which was seconded and adopted by almost unanimous vote, that the City Council is requested to take such steps as may be necessary to get the Railroad Commission to investigate the matter and fix the price upon the plant of the Southern California Gas Company in Glendale and Tropic.

The hour of 10:30 p. m. having arrived, being the time fixed for a hearing in regard to the resolution vacating certain streets and alleys in Tract 250, on motion of Trustee Woodberry, the matter was ordered to be taken up at this time. A letter was read from Miss Winifred F. Marr acknowledging receipt of the notice of the hearing and her original letter of protest was also read. The City Attorney called attention to the resolution in question, referring specifically to the references in the resolution to certain streets and alleys as being shown on certain maps therein specified in the office of the County Recorder. He further submitted a written report on the matter concluding with the recommendation, "that any protest to the same based on the ground of insufficient description be denied." On motion of Trustee Muhleman, the report of the City Attorney was received, adopted and

MUSIC SECTION MEETS

TALK ON JAPANESE MUSIC FEATURE OF MONTHLY MEETING OF SECTION

A very delightful program was enjoyed by members of the Music Section of the Tuesday Afternoon Club, which was entertained Thursday afternoon at the home of the club president, Mrs. W. W. Ramsay on Adams street.

The meeting opened with the singing of the "Star Spangled Banner," after which Mrs. C. M. Turk gave current events of interest in the musical world. Minutes were read by the secretary, Mrs. L. N. Hagood, also a letter from Mrs. Bessie Bartlett Frankel, District Chairman of Music, concerning a prize which is being offered for original compositions which are individual work. All the clubs of Southern California are being invited to participate in this contest. Details can be secured from Mrs. F. N. Arnold. The section decided to eliminate its meeting of December 28th on account of the holidays.

The special feature of the program was a talk on Japanese music by Mrs. Ella Cleveland, of Los Angeles, who was a resident of the Flowery Kingdom for several years. It was illustrated with phonographic records, and the wit and humor with which she enlivened her theme made it exceedingly entertaining.

Miss Mildred Pray was also on the program and contributed two piano selections, one of which was "An Impromptu" by Reinhold.

The meeting was held on Thursday instead of Friday (the usual day) on account of the Red Cross bazaar.

WEDDING RECEPTION

Saturday afternoon and evening large receptions were given by Mrs. W. W. Wiggins at her home, 457 East Second street, to give her own friends and those of Mr. Wiggins an opportunity to congratulate them on their marriage, which was celebrated last week.

At the afternoon function members of the Glendale W. C. T. U., the Ladies Aid of the First Methodist Church, and the Sisterhood Class of the same church, together with their husbands, were entertained. It proved a most enjoyable affair, the officers of the three organizations standing in the receiving line with Mr. and Mrs. Wiggins and assisting in the reception of guests of which there were not less than eighty. Members of the Ladies Aid also assisted in the serving of refreshments.

At the evening gathering the I. O. G. T. Lodge was entertained, its officers assisting in receiving. Friends of Mr. Wiggins were likewise guests, and old friends and neighbors of the bride, who last week gave her a beautiful prenuptial miscellaneous shower at the home of Mrs. Biggs, who was assisted in entertaining by Miss Bertha Cole.

At the Saturday evening reception Pabst's Orchestra of Los Angeles furnished music. Mr. and Mrs. Kneib sang in duet "Calling," and Mr. Kneib, who is a fine tenor sang alone "A Perfect Day." Fred Fischel contributed a piano number and Mrs. Fred Cole, Miss Bertha Cole, Mrs. Farran and Miss Bessie Ross, were kind neighbors who assisted in the serving of refreshments.

ordered to be filed, and the protest denied.

The City Attorney presented a resolution in regard to the change of name of the Tri-City Progress in which the city's legal publications appear, which was ordered to be read and was, on motion of Trustee Grist, adopted as Resolution Number 975.

The City Attorney reported in regard to the opening and widening of Eighth street, that the referees' report would be filed on December 14.

On motion, Resolution No. 976, "A Resolution approving Map of Tract No. 3138 and accepting on behalf of the public the avenues, streets, alleys, and public places shown thereon," was taken up for reading. On motion of Trustee Muhleman, the same upon being read, was adopted.

On motion, Ordinance No. 320 "An Ordinance providing for the organization of the Welfare Bureau of the City of Glendale, creating the office of Director thereof; authorizing the appropriation of funds for Welfare Work, and providing for the organization of Glendale Council," was taken up for third and final reading, and upon being read, was on motion, adopted.

On motion of Trustee Grist, the City Attorney was instructed to file a petition with the Railroad Commission requesting that body to proceed to fix the valuation of the property of the Southern California Gas Company in the cities of Glendale and Tropic.

BLAME HOOVER FOR SUGAR SHORTAGE

CLAUS SPRECKELS ON WITNESS STAND SAYS FOOD ADMINISTRATION HAS TIED HANDS OF REFINERS

(Special Service to Glendale Evening News)

WASHINGTON, December 14.—The American Sugar Refining Company, known as a "trust," controls nine-tenths of all sugar refined in the United States, Claus Spreckels, head of the federal sugar refining company, told the Reed investigating committee today.

Spreckels was the first witness at the formal opening of the probe into the sugar shortage. He blames the Hoover food administration for the shortage. He said the food administration had tied the hands of the American refiners by the agreement which prevents them getting sugar to refine.

Chairman Reed early in the hearing brought out the following facts: There is no world sugar shortage. This year's crop was larger than last. The food administration has compelled the refiners to agree not to import any sugar. Other countries are decreasing sugar consumption. Sugar has been diverted to other countries right through the United States.

AMERICAN AVIATORS IN ACTION

LIEUT. BENJAMIN WALCOTT OF WASHINGTON, D. C., FALLS IN FIRST ENCOUNTER WITH ENEMY

(Special Service to Glendale Evening News)

PARIS, December 14.—Lieut. Benjamin Walcott, son of Dr. and Mrs. Charles G. Walcott of the Smithsonian Institute in Washington, D. C., fell in his first air flight Tuesday in which American aviators co-operated with allied air men in battling the Boches in the air, according to word from the front.

Young Walcott, who was an American aviator, successfully brought down his first adversary in an aerial encounter. When he was streaking it back to his lines three German machines attacked him from the rear. His machine seemed to fall.

Lieutenant Wright, an American aviator, destroyed a German sausage balloon when he swooped down 5000 feet regardless of the fire from German machines and anti-aircraft guns. The balloon exploded. Wright returned safely to his lines.

This is the first public announcement of American aviators in action against enemy air men.

NAVAL INVESTIGATION ON

CONGRESS VOTES THIS MORNING FOR SWEEPING PROBE INTO EVERY PHASE OF THE NAVAL SITUATION

(Special Service to Glendale Evening News)

WASHINGTON, December 14.—The Senate inquiry into the conduct of the war spread to the House today, when Congress voted a sweeping investigation of the navy. The probe will go into every phase of the naval situation. Secretary Daniels and all acting admirals are on the list to be called.

The committee is given plenary powers for a drastic probe. Just what has been accomplished with the billion and a half dollars given the navy to spend last year and what is expected to be accomplished with the billion asked this year will be gone into. The entire naval situation is under fire in this probe.

PROTRACTED REVOLUTION FOR RUSSIA

COLLAPSE OF PLAN FOR CONSTITUENT ASSEMBLY REMOVES HOPE OF FORMING STABLE GOVERNMENT

(Special Service to Glendale Evening News)

LONDON, December 14.—Russia is in for protracted civil war in the opinion of Russian observers here. The utter collapse of the scheme for holding a constituent assembly removed the last hope that the nation would work out its destiny amicably.

The Bolsheviks are becoming more ruthless in their efforts to retain power and the Cossack revolt is gathering strength. Bloody conflicts appear certain.

PRESIDENT WELCOMES INQUIRY

DECLARES INVESTIGATION INTO ARMY AND NAVY SITUATION IS IN KEEPING WITH SPIRIT OF DEMOCRACY

(Special Service to Glendale Evening News)

WASHINGTON, December 14.—President Wilson welcomes investigation of his conduct of the war, he stated at the White House today. In the Senate inquiry into the army situation and the House probe of the navy, the president thinks the true spirit of democracy lies.

He declares the administration is democratic in fact as well as in name and he is glad to give the public the inside of war affairs.

BRITISH WIN IMPROVED POSITIONS

LONDON, December 14.—The British have won improved positions as the result of heavy bomb fighting east of Bullecourt, Field Marshal Haig reported today.

Sout of Pronneville the enemy raided British posts with hand grenades and bayonets. A few Tommies were missing this morning.

DISCUSS GAS QUESTION

CITIZENS OF GLENDALE IN MASS MEETING FAVOR MUNICIPAL OWNERSHIP OF GAS

The proposition for Glendale to acquire a gas distributing plant found enthusiastic support at the public hearing before the City Council Thursday evening, which was largely attended.

James E. Barker, the expert gas engineer employed by the city to prepare estimates of cost, presented an exhaustive report which was closely and intelligently followed and which drew a rapid fire of questions from the audience.

The report was necessarily very statistical, the figures coinciding with those already published in the Evening News of Monday, December 10.

He estimated that the annual consumption of the combined cities of Glendale and Tropic is 125,000,000 cubic feet of mixed gas. As the natural gas which the city is considering serving has more heat units, viz. 1050 against 815 heat units in the mixed gas, a smaller quantity might suffice, i.e. only three-fourths as much would be required as of the mixed gas.

He quoted the rate fixed by the Railroad Commission for natural gas delivered to the Southern California Gas Company by the Midway Company at its terminal, at 14c per thousand feet, and stated that the City of Glendale to secure that rate would need to put in a "holder" and "compressor" which would cost \$58,000, in addition to the cost of a distributing plant including additions, betterments, miscellaneous supplies and equipment which he figured at \$142,000, or in round numbers, \$200,000 to which was added \$8000 for distribution, commercial and general expense making a total of \$208,000 for the present distributing plant.

To meet the cost of natural gas and cover interest, depreciation, sinking fund for retirement of bonds, operating and distributing expenses, he estimated that a rate of 68.8 cents would have to be charged consumers. Between this and the 80c rate fixed by the Railroad Commission for the Southern California Gas Company there would be apparent saving of only 12c per thousand cubic feet but in reality the superior quality of the natural gas would make it worth \$1 per thousand cubic feet which would make the real saving to the consumer 32c. On the basis of a consumption in Glendale and Tropic of 100,000,000 cubic feet, the saving as later pointed out by Engineer Lynch would amount to \$32,000 to the district.

In the discussion which followed the question was asked: "Is the pipe system large enough?" He replied that he had allowed \$27,000 for new mains and tie-in line which would raise the pressure and be ample for five years.

The question of the permanence or life of the supply of natural gas was also brought up. Mr. Barker stated that the shortest period which experts had allowed for its exhaustion was ten years and it would probably last much longer; that if it gave out and no other supply of natural gas was available, Los Angeles would have to return to the manufacture of artificial gas and so would all the territory in which gas is sold.

The need of a "holder" to store gas to augment the supply at the three "peaks" of morning, noon and night when consumption is greatest was discussed with the possibility of using electricity to help out the shortage. Engineer Lynch stated that while possible, it would not be altogether practicable under present conditions.

Another point brought up was the present bonding capacity of Glendale and Tropic which was figured by City Attorney W. E. Evans at \$588,000. Should the city bond itself for a gas distributing system, he figured it would still have sufficient bonding capacity to put in a sewer system.

In explanation of the cost to the consumer here as compared with the cost of serving natural gas to consumers in Pennsylvania and other eastern states, Mr. Barker called attention to the greater density of population which vastly increases consumption and keeps consumption up to the capacity of the system all the time instead of being divided into the three "peaks" mentioned, and which eliminates the necessity of storage plants.

C. A. Davis, the Tropic Feed and Fuel merchant put in a word of caution explaining that in general he was enough of a socialist to favor public ownership of utilities, but that gas is a very elusive proposition, that he had owned gas wells and found them very troublesome propositions.

Mr. Thompson, president of the Board of Trustees then said: "As Mr. Davis has said, we should go carefully in this matter. That is the reason we have asked you to come here

TROPICO BAZAAR

LADIES REALIZE NEARLY TWO HUNDRED FIFTY DOLLARS FOR RED CROSS

Enthusiasm for the cause and admiration for the taste and energy by which the teachers and pupils of the Cerritos Avenue school had made the Tropico City Council Chamber such a beautiful salesroom, was the spirit of the throng which came and went at the Red Cross Bazaar Thursday afternoon. All the booths did an excellent business. Home-made bread, rolls and cookies disappeared with the magic of an Oriental juggler, business in children's clothing was active, aprons and "holders" of novel patterns were in big demand at the Utility booth, and as for candy, well, they had to hide it in order to keep any for the evening trade. That was not surprising when its quality and appearance were taken into account.

One of the best money getters of the fair was the Red Cross dog "patch" who was there with his mistress, Mrs. Stella Wilson, of Los Angeles. Patch patiently carried or held a basket to collect the contributions of generous patrons of the cause, and proved a very drawing card. He is an English pit bull and has earned in this manner many hundreds of dollars which Mrs. Wilson could have contributed in no other way. At the Maryland bazaar he collected \$69, and for the Belgian fund more than \$250. He was careful to keep out of the refreshment room where "hot dogs" sandwiches were being dispensed at such a rate that it was hard for the ladies in attendance to keep up with their orders.

A very attractive display was the collection of potted plants, pansies, primroses, ferns, etc., contributed by Mr. Viand, head gardener of the Forest Lawn Memorial Park.

The White Elephant booth was an old curiosity shop were many odd and interesting things were to be found, some of which will probably find their way to the melting pot which the auxiliary will start. Some articles unsold by the middle of the evening were auctioned off and brought excellent returns.

The evening crowd was even larger than during the afternoon, and cake and ices found a ready market. So did the delicious punch which had a place of honor in the center of the hall where it could make a strong appeal to the thirsty and where pretty girl barkers encouraged patronage.

Every booth had its special attraction on which chances were sold and from these innocent speculations a considerable sum was realized.

At the present writing it is estimated that the auxiliary will clear in the neighborhood of \$250.

Too much praise cannot be bestowed on the officers of the auxiliary and on the various committees and their assistants who united to wholeheartedly to make the affair a success.

BRITISH AMBULANCE SOCIETY

The regular meeting of the British Ambulance Society was held last Monday at the Red Cross headquarters on Broadway and was well attended. Reports were made of a good deal of work accomplished in the manufacture of hospital supplies and of the large shipment to Los Angeles last week of finished garments such as hospital shirts, bandages, pajama suits, nightgowns, hospital slippers and various other things.

Next Monday afternoon at four o'clock a tea will be given at the Ginger Tavern. Hostesses will be Mrs. F. Hornsey and Mrs. E. W. Pack. The general public is cordially invited.

A special request has been sent out to the Glendale Branch to assist in the Halifax Benefit tomorrow to be given under the auspices of the British Ambulance Society in Los Angeles. They have asked the Glendale Branch to send in all the young ladies who are willing to take up collections for the Halifax sufferers. Anyone who is willing to assist in this work is asked to telephone to the secretary, Miss Whitaker, Glendale 586-J or report to the British Ambulance headquarters in Los Angeles tomorrow, Saturday.

this evening, and no action will be taken unless it is sustained by the public.

Doctor Jessie Russell expressed her approval of the project and disposition to co-operate and J. C. Beldin, after an enthusiastic speech in favor of the proposition made a motion that the trustees be instructed to take up the matter with the Railroad Commission and secure its valuation of the plant of the Southern California Gas Company preliminary to negotiations on the part of the city for the purchase of same under authority granted by the commission. The rising vote on this motion was practically unanimous, and the meeting adjourned.

Mrs. Will Klee, of Tropicco, who has been visiting in Santa Monica, is expected to return today, (Friday.)

Personals

W. Benton Baisley, of the Marine Corps, came up from San Diego to spend the week end at his home at 1545 Oak street.

Master Ellwood Moore, son of Eustace B. Moore, of Blanche avenue, has been kept at home for several days by an attack of tonsillitis.

J. M. Wood, 740 S. Verdugo Road, reports that his poultry pen was raided Thursday night and seven large fat turkeys stolen.

Mr. and Mrs. Fulkerson and their son Robert, of Los Angeles, were Sunday guests of Mr. and Mrs. Robert Milligan of Park avenue, and accompanied them on an automobile drive to Santa Monica.

A. J. Richardson has purchased the Pioneer stage line, plying between Sunland, Tujunga and Los Angeles, of Earl T. Sims and will conduct it in connection with his truck business.

Christmas exercises at the Acacia Street school will take place today, (Friday) afternoon. Each room will have a little play, there will be songs and recitations, also some simple refreshments.

Frank Webster of Blanche avenue, is in Fresno on business connected with the distribution of his product, Crystal-Lac Polish for autos and furniture. He is expected home to spend the holidays.

A prominent railroad man remarked to us recently that one handicap the railways are laboring under is a condition brought about by their own desire for increased land holdings, the compensation for which they never expected to be called on for. They were granted lands bordering on their rights of way years ago.

Next Sunday at 9:45 a. m. Marjorie Imler, Katherine Renshaw and Miss Cora Hickman are due to arrive from Berkeley for Christmas holidays. Glendale and Palm Villa will look good to them and their many friends will be delighted to welcome them. There will probably be a good deal of entertaining at Palm Villa during their stay. Eugene Imler also comes home from Throop College of Technology Friday.

Mrs. Robert Milligan, of 114 E. Park avenue, entertained her daughter-in-law, Mrs. L. A. Milligan, of Los Angeles, last Friday.

Mrs. Eustace B. Moore has been advised by Mrs. Frank Nell that her husband, who is in a Los Angeles hospital, is getting nicely although no one has been allowed to see him as yet except his wife and family.

Mrs. J. W. Lawson, 1303 Chestnut street, received a telegram yesterday afternoon from her son Lawrence, who is in the aviation service at Fort Omaha, Nebraska, stating that he had successfully passed the examination and been recommended for a second lieutenantcy.

The Woman's Home Missionary association of the First Methodist church, will pack a box for the Yuma Indians next Monday. Anyone having clothing or toys to donate for this purpose are requested to leave them with Mrs. A. M. Brooks, 211 South Jackson street.

Mrs. V. E. Philp, 225 Orange street received a telegram this morning from her son, Sergeant Robert T. Philp, Fort Sam Houston, San Antonio, Texas, who was operated on for appendicitis last Monday, that he was out of danger and making rapid recovery.

Mrs. Thomas Gaither, of Cypress street, was a wedding guest at the marriage of her niece, Clara Porter, of Alhambra. Worthy Rehkopf, of Imperial Valley, was the happy groom and will take his bride to his home there. It was a large wedding with many guests from Monrovia, where both bride and groom had once lived and attended school.

F. C. Herron, formerly of Glendale now of Long Beach, was in the city Thursday. He says every member of the family has been sick with colds the past week and as an added misfortune his son, Hewey fell while playing at school and broke an arm, as pay for same to transport in time of war government supplies and soldiers free. The unexpected has happened, the war is on, and they are compelled to devote much of their equipment to this carrying out of their part of the bargain.

DEATH OF MRS. CARRIE E. FISH

Mrs. Carrie E. Fish, of 417 South Isabel street, Glendale, passed away at 8:45 Thursday evening at the age of 56 years. She was a native of Michigan but had resided in Glendale for six years. She is survived by her husband, E. A. Fish and her daughter, Mrs. Oma Fish. Services will be held tomorrow at the Little Church of the Flowers, Forest Lawn Cemetery at 2:30 o'clock. Scovern, Letton & Frey having charge. Rev. W. E. Edmonds, pastor of the Glendale Presbyterian church, will officiate and Mrs. Herman West will sing.

DEATH OF ADELINE FRENZ

Mrs. Adeline Frenz, mother of Stanley Frenz, of Glendale, died at the age of 82 years at 933 W. Eighth street, Los Angeles, Friday morning at 5 o'clock of heart trouble. She had lived in the house in which she died for fifteen years and had resided in California twenty-seven years. Services will be held Saturday at the Holy Family Catholic church in Glendale at 9 a. m., with interment in Forest Lawn Memorial Park, Scovern, Letton & Frey having charge.

NARROW ESCAPE

Last Tuesday Mrs. Barclay, one of the teachers in Tropicco's Grammar School fell to the floor from a chair on which she was standing breaking her glasses and severely injuring her eyelid which was completely pierced though, most fortunately, her eyeball escaped. She spent Wednesday at home, recuperating, her work being distributed among the other teachers. Thursday she was back at her post and expects to soon be all right again. It was a narrow escape.

TROPICO'S GRAMMAR SCHOOL

The first term, i. e. the first half year of the Tropicco Grammar School will end January 25th when five members of the Eighth Grade will be graduated. Their names are:

Olive Springer,
 Elsa Roeder,
 Albert Hewett,
 Louis Barnes,
 Thomas Smith.

All are planning to continue their studies at the High School except possibly Thomas Smith, who is considering going to night school and taking up commercial work.

Principal Dickerson reports that the best part of the school energies have been devoted the past week to Red Cross work for the Tropicco Bazaar. Pupils have entered heart and soul into the task of decorating the City Hall with holly and greenery for the big event. Mrs. Curtis has had charge of this task.

Pupils in rooms over which Miss Small and Miss Hammill preside made really beautiful decorations for the bazaar Christmas tree which made it a joy to behold, and out of the most simple materials too. Miss Morgan had charge of the singing and the pupils of the first and second grades furnished part of the afternoon program.

Don't pay any advance on fire insurance. Come to the H. L. Miller Co., 409 Brand blvd. Both phones. 50tf

PRE-MILLENNIAL ASSOCIATION

This organization invites into its membership, without fee, all ministers and laymen who may be interested in the study and discussion of prophetic truth, and other great doctrines of the Bible, such as its inspiration. The office and work of the Holy Spirit. The imminent return of the Lord, etc. Meetings are held monthly in the Bible Institute of Los Angeles. Visitors are always welcome.

Bible conferences are also conducted under the auspices of this association. Any church in Los Angeles county which may desire such a gathering lasting from one to four days, may have all the help they need in preparing the program. Prominent speakers will be provided, and the best of music freely furnished. Many such conferences have already been held during the past year. A most successful one is now being held in Immanuel church, Dec. 13-16.

The permanent officers of the association are, Dr. Frederick W. Farr, of Calvary Baptist church, Los Angeles, president; Rev. W. E. Edmonds of Glendale Presbyterian church, vice president; Rev. W. H. Pike of the Bible Institute, secretary and treasurer. Information can be secured at any time from any of the officers.

MEN TO THE FRONT

The men of the Christian church of Glendale are to have full charge of the services next Sunday evening. They are to furnish the music, the scripture reading and possibly a brief address, but Pastor Cole is to deliver the sermon, his subject to be "Putting it up to John Jones." The men are making great efforts to enlist a large attendance that night.

RED CROSS LUNCHEON

The regular food sale and luncheon will be held at the Red Cross headquarters on Brand boulevard, Saturday from 11:30 to 2 o'clock as usual.

Use the Kind of Cooking Utensils THAT CAN BE Crushed Then Used for Years

"I have used my '18-92' Kettle for five years over the Camp Fire, and it has had the hardest wear possible, and has out-lived everything I had when I bought it. I had a Pudding Pan that a wagon ran over. I took a hammer and beat it into shape again and went right on using it for years."—Mrs. Boyd Millin, Cooperas Cove, Texas.

The Wonderful, Long Lasting "18-92" ILLINOIS Aluminum Ware

Will wear and wear and wear. Will not chip, peel, crack or rust. Made of thick, strong sheet Aluminum—guaranteed to last 20 years and will last longer. Will never disappoint you. It is economical, requiring 1/2 to 1/3 less heat than is needed for other kinds of ware.

SPECIAL \$1.25 SAVE

So you can prove to your own satisfaction the superiority and economy of "18-92" ILLINOIS Ware we offer this regular \$5.00 substantially made tea kettle at SPECIAL PRICE of **\$3.75**. Stop wanting money replacing pots and pans that "give out" quickly. Buy for permanence—for unbeatable economy. Buy "18-92" ILLINOIS Ware and say "Eighteen-Ninety-Two!" Stop at our store and see the complete line of

Manufactured and Guaranteed by **ILLINOIS PURE ALUMINUM CO. COOK CO. ILL.**

While food conservation is still an absorbing topic and we believe is being wholeheartedly observed, we do not hear much now about intensive use of the soil. There are so very many vacant lots yet and winter gardening is not given the attention that it really deserves. Vegetables of many

kinds can be raised every month in the year. One man we know of has potatoes every month in the year, new ones, that is. Glendale citizens are giving magnificent support to the administration and we are sure there will be no let down in their efforts.

A PRISONER'S LOVE LETTER

In order to meet the demand for Bible Study commensurate with its importance, the Baptist people will divide their prayer meeting hours into two periods of three-quarters of an hour each, beginning with tonight. The second period will be devoted to Bible study under the pastor's tutelage. The above title will be the special theme for study tonight. The reader's Bible knowledge is left to suggest the portion of Scripture to be used. A number of evenings will be taken up in the study of this important document and all interested in Bible study, and not attached elsewhere, are cordially invited. The study begins at 8:15 and closes at 9 p. m.

An increasing interest in the B.Y. P.U. at the Baptist church has been noted lately since the adoption of the group plan of conducting the meetings. An intermediate union has also been organized which gives promise of great usefulness.

DISSOLUTION NOTICE

In the Superior Court of the State of California in and for the County of Los Angeles.

In the matter of the voluntary dissolution of the Seaboard Land Security Company, a corporation.

Notice is hereby given that on November 26, 1917, the Seaboard Land Security Company, a corporation, filed with said court in writing, a voluntary application for dissolution of said corporation and that thereupon said court ordered that the same be heard in said court on December 28, 1917, at 10 o'clock a. m., and that the clerk of said court give notice of the same by publication in the Glendale Evening News, a newspaper published in said county, for a period of 30 days, commencing November 26, 1917, and that this notice is given pursuant to such order.

Given under my hand and the seal of said court, this 26th day of November, 1917.
H. J. LELANDE,
Clerk of said Court.
By F. J. ADAMS,
Deputy Clerk.
(Seal of the Superior Court.)
